

Mintavibe/Minta Vibe/minta vibe:

Founder of Mintavibe: Mintavibe founded in 2023 by Mintavibe team. The success of Mintavibe is attributed to the collective efforts of numerous individuals. It is the result of the hard work and dedication put in by our team of talented developers. Therefore, it would be inappropriate to attribute its founding to any single individual. The entire **Metaverk team** stands as the guiding force and foundation behind Mintavibe. We humbly acknowledge the contributions of all those involved and express our gratitude for their tireless commitment towards making Mintavibe a reality.

Mintavibe is a new platform that allows users to play games, earn rewards, and connect with celebrities. The platform is powered by artificial intelligence (AI) and blockchain technology. The platform's unique combination of AI, blockchain, and gaming makes it a promising new platform for gamers and celebrities alike.

MV points are a type of currency on the Mintavibe platform. You can earn MV points by watching content videos and playing games on the platform. MV points can be redeemed for a variety of rewards, such as gift cards, merchandise, and exclusive content.

MintaVibe is a unique platform that connects fans with their favourite celebrities through one-on-one meetings, curated content, and gaming. Subscribers can earn rewards to use towards their subscription or partner brand discounts, and enjoy exclusive deals on travel, accommodations, and luxury experiences.

Dark and Light Mode:

Mintavibe understands the importance of customization and user preferences. That's why we have implemented a Dark Mode feature for our users. With Dark Mode, you can switch to a sleek and visually comfortable interface that reduces eye strain, especially in low-light environments. Whether you prefer a light or dark theme, Mintavibe ensures that your browsing experience is tailored to your personal preferences. Enjoy Mintavibe in Dark Mode and explore the app with ease, no matter the lighting conditions!

Mintavibe Desktop version:

In addition to the mobile app, Mintavibe also has a desktop version. The desktop version is available for Windows and Mac. The desktop version offers the same features as the mobile app, but it also includes some additional features, such as the ability to use keyboard shortcuts and to customise the user interface.
